

## Assumption of Risks

I understand that sports participation with Mallow United AFC is a volunteer activity and carries with it certain inherent risks that cannot be eliminated regardless of the care taken to avoid injuries. These risks include but are not limited to

- minor injuries such as scratches, bruises, and sprains
- major injuries such as fractures, internal injuries, joint or back injuries, heart attacks, and concussions
- catastrophic injuries including paralysis and death

I understand that Mallow United has advised me to seek the advice of my GP before participating in this activity.

I understand that Mallow United has a player's personal injury insurance policy in place which offers limited cover to adult players who are registered as members of the club. I understand that this personal injury insurance policy has limitations and it is my responsibility to understand these limitations prior to participating in activities with the club. I have been advised by Mallow United that if I want personal injury cover that goes beyond the limitations of the policy purchased by the club then I should purchase my own personal injury insurance independently of the club.

I understand that no financial compensation will be made by Mallow United to any player other than compensation received upon completion of a successful claim through the personal injury insurance policy for players. I understand that should I wish to claim for personal injury costs due to an injury obtained while participating in sports activities with Mallow United that my claim may take a number of weeks or months to process and I will not receive any financial compensation from the club in this intervening period.

I understand that through participation in contact sport there are risks of contracting infectious disease including COVID-19. I agree to follow the FAI Safe Return to Training Protocol and any future change to the FAI/Department of Health guidelines.

I know, understand, and appreciate the risks that are inherent in participating in sport with Mallow United. I hereby assert that my participation is voluntary and that I knowingly assume all such risks.
