Key Wallball playing Rules:

General:

- Elite Men's & Ladies matches 1 x 31 or 20 mins.
- All other matches 1 x 31 or 15 mins (unless stated otherwise).
- No timeouts allowed in timed matches.
- Eye-guards are compulsory.
- Referees may appoint line judges to help them make key decisions throughout the match.
- If a rally starts before the match time elapses, play should continue, and the outcome of that last rally should be accounted for on the final score-line.
- In the event of a tie, a tiebreaker to 5 points is played.

Wallball Specific Rules:

Legal Block

- After the attacking player takes his/her shot, they must remain still in front of or aside their opponent. This is not a hinder but a "Legal Block"

Legal Block Hinder

- While attempting a "Legal Block" if the attacker moves away from the opposing player, not affecting his/her opponent's line of sight or obstructing them from striking the ball, then this is a hinder. The referee has the option to let play continue, giving the attacking player the shot, if they wish to take it. If they decide to take the shot, the rally continues to a natural conclusion and no hinder is called.

Legal Block Avoidable

- While blocking if the blocking player moves in the direction of the opposing player, causing an obstruction to the line of sight, or obstructing the player from striking the ball, then this is an illegal block and an avoidable hinder is called.

Blocking On Backswing

- All the above only applies to holding ground in front or to the side of your opponent's position. Play always favours the player closest to the front wall and as such, you cannot take up a blocking position behind your opponent. Intentional blocking from behind is an avoidable hinder.

Part 4, Rule 4.7 B.1 & 2: Interpretation The referee must remember that if the ball is judged to be un-retrievable, a hinder should not be called no matter what kind of interference takes place. However, if the referee is in doubt, the benefit of that doubt should go to the player attempting to retrieve the ball and the hinder should be called.

Serving:

- No second serves in timed matches
- A served ball or any shot during play that lands on a perimeter line is deemed good.
- Served ball is deemed a fault if it hits any part of the service line.
- A served ball that travels between the server's legs is deemed a replay.
- Players must NOT serve the ball until the referee calls the score, regardless of the time running out.
