RULES

- Each entry costs €10
- Pick the winner of one Premier League match each week.
- If your selection wins - you progress to the next week.
- If your selection loses or draws - you're out!
- You may not pick the same team to win more than once during the tournament. Eg. If you pick Man United in one gameweek and they win you go through to the next round and you cannot pick them again in the competition. If they lose or draw, you're out.
- The Last Man Standing wins €300
- Once a selection is made, you will not have the ability to change it.
- All selections must be received by 5p.m. on the Friday of each gameweek. There will be a number of methods to make your selections via email, text, or message to facebook page. These will be confirmed to all players registering.
- If picks are not received by 5p.m. on any Friday players will automatically be assigned the highest placed team in the Premier League that they have not yet used.
- Each gameweek will include Saturday, Sunday and Monday matches.
- Only weekend gameweeks will be included, there will not be any midweek rounds.
- In the event that any match involving a team you have selected is postponed or cancelled for any reason, you will continue to the next round. However, that team will no longer be available for selection.
- Should two or more participants remain standing and all are eliminated in the same week, they will progress to the next round, however the teams that they picked in that gameweek will no longer be available for selection.

Best of Luck!!!
